About Play Golf America

Play Golf America, designed to increase participation among new and occasional adult golfers, was developed by The PGA of America, with the support of Allied Associations including, the LPGA, National Golf Course Owners Association, PGA TOUR, USGA and others involved in the annual Golf 20/20 Conference. The program utilizes the Web site to serve as a link for consumers to access fun, affordable and informative programs in their area. Begun in January 2004, Play Golf America's goal is to reach the millions of non-golfers who have expressed a desire to play, and the millions of occasional golfers who play between one and seven times a year. The campaign is designed to introduce people to the game of golf, enhance their skills and increase their frequency of play.

The PGA of America is the world's largest working sports organization comprised of 28,000 men and women golf Professionals who are the recognized experts in growing, teaching and managing the game of golf while serving millions of people throughout its 41 PGA Sections nationwide.

PGA Play Golf America Days are coordinated by The PGA of America, Local Sections of The PGA of America, and most importantly 28,000 PGA Professionals dedicated to making your game better, and making golf a better game.
